

Innovative. Efficient. Durable.

In every Daikin commercial air conditioner, our high-performance, high-efficiency compressors operate in tandem with our high-efficiency coil design. This innovative system offers one of the best levels of reliability, durability and efficiency we offer in our commercial packaged air conditioners. The Daikin DC3SEA and DC6TE commercial air conditioners feature a powder-paint finish over heavy-gauge galvanized steel. This provides premium durability and improved UV protection (compared to units without). The attractive louvered metal guard protects the coil from damage and strengthens the unit. The base pan is elevated to provide excellent water drainage and helps keep the coil away from debris that can collect inside the unit.

DC3SEA Features

- » High efficiency scroll compressor
- » Advanced Copeland® CoreSense™ Technology
- » Fully charged for 15' of tubing length
- » Copper tube/ enhanced aluminum fin coil 5mm diameter
- » Factory-installed filter drier
- » Sweat connection service valves with easy access to gauge ports
- » Enclosed contactor
- » High-pressure switch
- » Ground lug connection
- » Capacitors with extended life
- » AHRI Certified; ETL Listed

Cabinet Features

- » Removable grille-style top design compliant with UL 60335-2-40
- » Venturi for increased velocity of airflow
- » Custom Nickel Gray powder- paint finish with 500-hour salt-spray approval
- » Steel louver coil guard with rust-resistant screws
- » Wire fan discharge grille
- » Steel louver coil guard
- » Rust-resistant screws
- » Top and side maintenance access
- » Single-panel access to controls with space provided for field-installed accessories

Outstanding Warranty* Protection

* Complete warranty details available from your local distributor or manufacturer's representative or at www.daikincomfort.com.

DC6TE Unit Features

- » Two-stage tandem compressor design
- » Quiet operating top discharge
- » High-efficiency copper tube / aluminum fin coil
- » Brass liquid and suction service valves
- » High and low pressure switches
- » Factory-installed filter drier
- » Units meet the performance outlined in Table 6.8.1-1 of ASHRAE Standard 90.1-2022
- » AHRI Certified; ETL Listed

Cabinet Features

- » Innovative sound control top design
- » Steel louver coil guard protects the coil from damage and adds strength to unit
- » Bottom pan rails elevate unit above slab
- » Heavy-gauge galvanized-steel cabinet
- » Attractive Nickel Gray powder-paint finish
- » When properly anchored, meets the 2020 Florida Building Code unit integrity requirements for hurricane-type winds (Anchor bracket kits available).

Additional information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

About Daikin:

Daikin Industries, Ltd. (DIL) is a global Fortune 1000 company and is recognized as one of the largest HVAC (Heating, Ventilation, Air Conditioning) manufacturers in the world. Founded in 1924, Daikin is approaching 100 years of HVAC worldwide leadership. DIL is primarily engaged in developing indoor comfort systems and refrigeration products for residential, commercial, and industrial applications. Its consistent success is derived, in part, from a focus on innovative, energy-efficient, and premium quality indoor climate and comfort management solutions.
