DAIKIN

FIT

HEAT PUMPS (DH9VS/DH7VS/DH6VS)

Designed to fit comfort, space-saving, and efficiency requirements with ease.

The Daikin *FIT* is a compact heat pump system ideal for space-limited installations. It offers the perfect balance between performance and size, delivering on comfort, efficiency, and technology.

Heat Pump Operating Range:

- **Cooling: (DH6VS/DH7VS/DH9VS)** 0°F to 115°F (-17.8°C to 46.1°C)
- **Heating: (DH6VS/DH7VS)** -10°F to 70°F (-23.3°C to 21.1°C)
  (DH9VS) -20°F to 70°F (-28.8°C to 21.1°C)

Features and Benefits

- Up to **21.0 SEER2 and 10.0. HSPF2**
- **Compact –** The trunk style outdoor unit is perfect when installation space is limited
- **Inverter (variable-speed) Compressor –** Ideal indoor comfort and efficiency
- **Low dBA –** Reclaim outdoor space
- **Quiet-mode –** Provides enhanced acoustical comfort, up to 3 different sounds levels as low as 45 dB(A)
- **Blue Fin Coat –** Long condenser coil life and reliability
- **Swing Compressor –** Quiet and dependable
- **Side panel access –** Ease of service
- **Lightweight –** Easier to handle and install (compared to traditional cube style systems)
- **Advanced water-shedding drain pan –** engineered with multiple drain holes and channels to help provide effective water shedding.
- **Intelligent Defrost Mode –** The outdoor unit will enable this mode to help prevent frost/ice from building up in cold climate conditions. It will also help with longer heating operation time for additional comfort for occupants (compared to HVAC systems without this function).
  - A selectable defrost backup heat option, when turned off, will lower power consumption during defrost.
- **Hot start technology –** When the heating operation starts or when the unit changes from cooling to heating there is no cold draft released into the room.

AFFORDABLE.
EFFICIENT.
SPACE-SAVING.

When installation space is limited, families shouldn't need to compromise on comfort. Ideal for zero lot lines, roof, wall, or terrace areas, the Daikin *FIT* features a style solution allowing you to meet the demands of homes with the strictest of limitations with relative ease.
