

## SMART SENSORS FOR COMFORT CONTROL.

Measure and average temperature and humidity around the room

### DAIKIN ONE WIRELESS RHT SENSORS Relative Humidity and Temperature Sensors

The Daikin ONE Wireless Relative Humidity and Temperature (RHT) Sensor is a compact, wireless sensor designed to measure the average temperature and humidity between the sensor and the thermostat. It delivers thermostat-like functionality by sensing temperature and humidity conditions with full control through the *SkyportHome* app.

*Compatible with Daikin ONE+ smart thermostat only*

#### KEY FEATURES:

- » **Compatible** with the Daikin ONE+ Smart Thermostat
- » **Cost-Effective, Thermostat-Like Control:** Provides sensing only, but enables full control via the *SkyportHome* app—offering a smart, low-cost alternative to installing additional zones and thermostats without a physical display
- » **Wireless and Battery-Powered:** Easy to mount anywhere—no wiring needed
- » **Zonal Comfort and Efficiency:** Measures and averages temperature and humidity across rooms
- » **Sub-GHz Communication:** No Wi-Fi required
- » **Battery Life:** Up to 1 year
- » **Pairing wizard** for signal strength, sensor naming, and calibration
- » **Multi-Sensor Support:** Up to 8 sensors per thermostat
- » **App Integration:** Control and monitoring via *SkyportHome* (homeowners) and *SkyportCare* (dealers) apps

If certain areas of the home always seem to be too hot or too cold, Daikin's RHT sensors are designed to help. By measuring temperature and humidity in those tough-to-control areas and averaging them into a measured temperature and humidity for the whole space, problem areas will become a thing of the past.

## Large Open Spaces

## Cold or Warm Spots

## Wall of Windows

<b>MODEL NUMBER</b>	DSEN-TH-BWS-A
<b>DESCRIPTION</b>	DAIKIN ONE WIRELESS RHT SENSOR
<b>DIMENSIONS</b>	1.64"L x 1.64"W x .69"H
<b>WEIGHT</b>	3.2 oz.
<b>OPERATION TEMPERATURE</b>	35°F - 104°F
<b>THERMOSTAT COMPLIANCE</b>	FCC (sub-gig ISM radio)
<b>OTHER</b>	<ul style="list-style-type: none"> <li>» Compatible with Daikin <i>ONE+</i> smart thermostat only</li> <li>» Sub-GHz Communication: No Wi-Fi required</li> <li>» Battery Life: Up to 1 year</li> <li>» Pairing wizard for signal strength, sensor naming, and calibration</li> <li>» Multi-Sensor Support: Up to 8 sensors per thermostat</li> </ul>

SkyportHome

SkyportCare

App Integration: Control and monitoring via *SkyportHome* (homeowners) and *SkyportCare* (dealers) apps

\* Complete warranty details available from your local dealer/contractor at [www.daikincomfort.com](http://www.daikincomfort.com).
